

"TESTTUBE TREAT"

With a view on the future,  
they have to make a child,  
created in a testtube,  
clever, pretty, nothing wild.

What they see is progress,  
it seems to be no treat.  
The creations of supermen,  
is that what your country need?

It's a Hitler repetition  
in a medical creation  
with the full permission  
of the watching population.

Testtube treat,  
progress cheat,  
supermen we don't need.

A productive person,  
with a business like attitude,  
with a national feeling,  
and a power that's infinitude.

Testtube treat,  
progress cheat,  
supermen we don't need.

"STOPERA"

Behind some big gates,  
protected by policemen,  
can you hear the piles?  
they build an opera in Amsterdam.

Stopera a piece of trash,  
the only way to stop it  
is to burn it to ash.

A prestige object,  
will be made for the decadence part,  
it's been a frustrated object,  
right from the start.

Stopera wasted mess,  
the only way to stop it  
is to burn it to ash.

Decisions were made,  
protest too late,  
the informal power great.

Stopera decadence trash,  
the only way to stop it  
is to burn it to ash.

"RAPE THE JUSTICE"

A girl get raped at night,  
but she gets no attention,  
people watched the fight,  
but there was no reaction.

Must the girl be dead,  
is it not bad enough ?  
to get raped at night,  
or were your eyes switched-off.

Court of justice said:  
you provoke that rape,  
you ought to be in bed that time  
and why didn't you escape ?

RAPE THE JUSTICE  
RAPE THE JUSTICE

"WELCOME BACK"

Hello soldiers welcome back,  
do you still creep for the  
union jack  
How was the pain, how was  
the suffer,  
do you still hide it under  
your green cover ?

Do you still love Maggie's care,  
are you proud to live in rolling-  
chair.

Welcome back, welcome back,  
complicity to a thousand dead

Hello soldiers, where you did  
it for,  
to be a hero of the Falkland war ?

Welcome back, welcome back,  
complicity to a thousand dead.

"HUMAN FURNITURE"

There she is just a piece of furniture,  
according to the rules of this created culture,

There she is just an article of use,  
still wrongly as deficient accused,

Does this also apply to you ?  
Does this also apply to you ?

There he is always beyond dispute,  
he removes his dear piece of furniture,  
for his bed and he food,

Here she comes, here she comes,  
there he sits, what does he do ?  
here she comes, here she comes.
