F.A.O.-SHOW

hungerfighters, like to do it on their own,
 with diplomatic talks on a mock serious tone,
 they wipe away their conscience, talk about
 their social feeling, they appreciate the corruption,
 use bribes to deal with.

stay a little longer, get rich of hunger,
 this is our charity appeal and socially we do feel,
 get rich of hunger in the f.a.o.-show,
 keep the expenditures low, you're in the f.a.o.-show,
 keep the expenditures low, third world here we go,

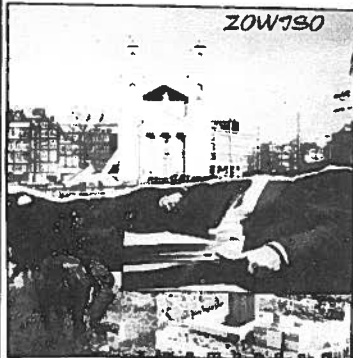

get rich of hunger

is your mailbox filled with another piece of trash,
 brought in with a mighty crash, and you know,
 they'll send you everyday chip-advertisement in
 an aggressive way.

is your mailbox filled?
 then your privacy is killed
 is your mailbox filled?
 then your privacy is killed
